

**KP Sole Source Statement:**

KP Education Systems is the creator, publisher and sole distributor of KP Culinary Arts (including the Sous Chef 7) and KP Food Science. These products are sold only by KP Education Systems directly to our customers.

There are currently no other comprehensive, digital teaching programs for Culinary Arts or Food Science instruction. Our marketing department regularly looks for available products to update its market files. They have informed me that there are some single-subject video cassettes and a small handful of single-subject CD-ROMS, none of which are designed as professional teaching aids. KP products include all of the written content, multimedia elements, and integrated teaching tools in one software package designed as a full curriculum for Culinary Arts and Food Science instruction. This makes these KP products the only comprehensive digital curriculum solutions for these courses.

KP Education Systems hold all copyrights for our instructional and assessment materials. If you have any questions, please call our offices at 1-800-701-6323.

Sincerely,  
Nai Wang  
President
